**RE: Andrew Clarke**

Dear Sir/Madam,

This letter is to outline the contributions of Andrew Clarke to Search and Rescue in Western Canada as a member of the Alberta/British Columbia Cave Rescue Service. Andrew has been a member of the organization since May 8, 2015. In that time, he has been a valued resource to the cave rescue service, a specialized technical rescue team which supports rescues in the challenging cave environment.

Andrew has supported our team as a member on call to respond to rescues, and as a facilitator on technical rescue training workshops and seminars. As well, he has sought out and paid for specialized training on his own which benefits our team. Furthermore, he has provided support through his business for equipment and facilities which benefit our members and our training. This is certainly above and beyond the call of duty for our members and we appreciate all of his support to our organization via his personal and professional resources.

Please contact the undersigned if you have any questions.

Yours Truly,

**Christian Stenner, CD, MSc, FRCGS**  
Alberta Provincial Coordinator  
Alberta/ British Columbia Cave Rescue Service
